

WISCONSIN HOUSE STRIKES AT DRY

Approves Tucker Bill To Repeal
State Dry Enforcement Act To-
day, 47 To 43

WETS SEE FINAL VICTORY

Proposal For Referendum On Eight-
teenth Amendment Defeated And
Will Be Amended

By HERBERT LITTLE
(U. P. Staff Correspondent)
Madison, Wis., June 7.—The Wis-
consin house of representatives,
striking the first blow at absolute
prohibition, today approved the
Tucker bill to repeal the state dry
enforcement law and sent it to en-
grossment.

The vote of approval was 47 to 43.
The question of final passage in
the assembly is expected to be de-
cided in favor of the wets by vir-
tue of the 47 to 43 vote favorable
to the repeal today. Shortly before
the approval and engrossment vote,
the assembly refused to kill the re-
peal by an identical ballot.

After final passage the measure
would then go to the senate which
has killed half a dozen less drastic
anti-prohibition bills.

A hard fought battle of two
hours preceded the decisive wet
victory. Proposal for a referen-
dum on the 18th amendment was de-
feated 50 to 37 by the wets who
referred the bill to the judiciary
committee where it will be amended
to provide for a referendum on the
question of modifying the Volstead
act and providing for a memorandum
to congress.

A resolution congratulating Gov-
ernor Al Smith of New York for his
leadership in leading a movement to
return to the "Constitution of our
Fathers" was introduced by wet
floor leaders. It failed to get the
two third majority necessary to
bring about immediate considera-
tion.

The wets, in the majority so far
this season, canvassed for enough
votes to pass the Tucker bill to re-
peal the state prohibition enforce-
ment law.

Thirty-five anti-prohibition as-
sembly men at a meeting that ended
at midnight pledged their sup-
port and claimed that 13 more had
been secured, enough to pass the
bill by seven votes.

The caucus also decided to pass
a bill submitting to state referen-
dum the question:

"Shall the eighteenth amendment
to the Constitution of the United
States be repealed?" This bill is
scheduled for a vote a few minutes
before the dry repealer comes up.

Assemblyman Lincoln, Superior,
floor leader of the wets, introduced

MAKES FIRST SUMMER VISIT TO THE COUNTRY

Kiwanis Club Holds Community
Meeting at New Salem Methodist
Church Wednesday Night

MEAL BY LADIES AID SOCIETY

The Rushville Kiwanis Club, ac-
companied by their wives and lady
friends, held their first community
session of the summer Wednesday
night, when they were entertained at
the school building in New Salem,
and a fried chicken supper was fur-
nished by the Ladies Aid society of
the New Salem Methodist church.

The local club was represented by
40 members, and 80 persons attend-
ed the banquet. Mrs. Donald Wilson
of New Salem extended the welcom-
ing address for the visitors, and Dr.
H. V. Logan responded. Following
the dinner hour, talks were made by
Mrs. James Miller, C. M. George and
Will Jay, and the club visitors re-
ported an enjoyable evening.

The Kiwanis club has made it a
practice during the summer months
to visit the towns and country
churches at least once a month, and
spread an evening with them. This is
also in addition to a plan launched
this year in which the twelve town-
ships will have one day a month as
the guests of the local club, and sev-
eral townships have been entertained
here. The next one will be on June
27.

INDICATOR FAILS TO WORK

Fire Department Answers Call at
The Wrong Box Wednesday Night

A flue that was burning out
caused from burning paper in a
stove, looked serious Wednesday
night at 9:30 o'clock at the barber
shop of Charles Moore, 127 West
Second street, and an alarm was
turned in from box 132, Main and
Second streets. The alarm system
was out of order due to the storm
yesterday afternoon, and the indi-
cator at the fire station sent the fire
trucks to box 42, Fifth and Harrison
streets. The bell in the tower failed
to ring the number.

When the firemen arrived at box
42, they found that it had not been
turned in, and they drove to box 32,
First and Morgan streets, and back
to the fire station. The flue burned
out, and no damage resulted. The
alarm system was tested this morn-
ing by the city electricians, and it
is stated that it is in working con-
dition now.

SMALL NUMBER FILE REPORTS

Comparatively Few Income Tax Re-
turns Made in Rushville And
Rush County in 1921

STATISTICS ARE ANNOUNCED

Hundred More in County Than in
County Seat—Comparisons With
Other Units

Comparatively few people either
in Rushville or Rush county paid in-
come taxes in 1921, according to
statistics on Indiana cities and
counties prepared by the bureau of
internal revenue and made public at
Washington.

The official report shows 379 per-
sons in Rush county filed returns
while in Rushville city 279 filed re-
turns. It is presumed that the num-
ber indicated for Rushville is in-
cluded in the number for Rush coun-
ty, which means that only one hun-
dred persons outside of the county
seat made a return on their 1921 in-
come.

Twenty-nine cities of more than
5,000 population reported fewer
than 1,000 returns. Other cities near
Rushville's class made returns as
follows:

Bedford 759, Bluffton 379; Brazil
637, Columbus 520, Frankfort 900,
Goshen 488, Greensburg 316, Hart-
ford City 241, Kendallville 315, Le-
banon 346, Linton 495, Madison 238,
Mt. Vernon 194, Newcastle 489,
Portland 252, Princeton 597, Sey-
mour 474, Shelbyville 531, Wabash
653, Warsaw 308.

Brown county filed the fewest re-
turns, nineteen. Other low counties
were Ohio with twenty; Switzerland
with forty-one; Scott with fifty-
three; Martin with seventy-three,
and Crawford with eighty-five.

The ten counties filing the great-
est number of returns were Marion
with 34,317; Lake with 15,594; St.
Joseph with 11,451; Allen with 10,
597; Vigo with 7,606; Vanderburg
with 7,162; Elkhart with 4,193;
Wayne with 2,744; Laporte with 2,
710, and Tippecanoe with 2,649.

CALLED FOR DAMAGE SUIT

Jury to Hear Case of John Gibson
vs Pennsylvania Railroad

The jury has been called for ser-
vice in the morning when the suit
of John Gibson against the Pennsylv-
ania railroad will be tried, the com-
plaint being for \$350 damages as the
result of an accident at the West
First street crossing, more than a
year ago. The plaintiff alleges that
the train ran into his machine at the
crossing and demolished it.

John M. Perry and Mary E. Perry
have filed a motion to quash the pub-
lication defining the boundary lines
of the proposed assessment list for
the improvement of the Hodges
Branch drain, which is before the
circuit court. The proposed improve-
ment that originated in the city
council, has been thrown out of
court several times on similar errors.

PUZZLE PICTURE—HOW MANY VOTES FOR FORD HERE

POLITICAL BOOMS WILL BE LAUNCHED

List Of Contenders For Governor's
Chair Overshadow Other Topics
At South Bend

G. O. P. EDITORS GATHERING

South Bend, Ind., June 7.—Sev-
eral political booms for the republi-
can gubernatorial nomination next
year were ready to be launched as
the G. O. P. editors of the state
gathered here today for the annual
outing of the Indiana Republican
Editorial Association.

The possible list of contenders for
the governor's chair overshadowed
all other topics of discussion among
the early arrivals.

Friends of several candidates
were throwing out feelers to get the
attitude of the editors before start-
ing an active campaign to win sup-
port during the meeting.

The committee on arrangements
in making out the program tried to
leave any possible candidates off the
speaking program, since it was felt
that if all the likely material was
called on to speak, the love feast
would be an interminable affair it
was stated.

Senator Fess of Ohio will be the
principal speaker at the meeting.
Albert J. Beveridge, also on the
program, has notified the committee
that he will be unable to attend be-
cause of illness.

About half the list of possible
candidates for governor are editors.
For instance, there are Ed Jackson,
secretary of state, Edward C. Ton-
er, Anderson editor, Edgar D. Bush,
former lieutenant governor, Edmond
M. Wasmuth, of Huntington, former
state chairman, and Ed Bowen,
of Delphi.

The name of Mayor Shank is also
being discussed along with the
names of Newman T. Miller, state
fire marshal, James W. Dunbar, for-
mer congressman, and Raymond C.
Morgan, speaker of the house.

LOUIS E. HAAG DIES

Indianapolis, Ind., June 7.—
Louis E. Haag, proprietor of a
chain of drug stores in Indianapo-
lis, died at his home here today.

With his brother, Julius, he was
convicted in 1919 of conspiracy to
violate the federal liquor laws af-
ter a sensational trial. He was
sentenced to one year and six
months in federal prison but was
paroled at the end of the six
months. Haag has been in ill
health for many months.

HARRY DIAMOND IS SENTENCED TO DIE

Valparaiso Man Found Guilty of
Murdering His Wife by Jury Af-
ter 4 Hours Deliberation

AN EPILEPTIC, HE CLAIMED

Mrs. Diamond Declared After As-
sault That Husband Shot and
Beat Her—Motive Shown

Valparaiso, Ind., June 7.—Harry
Diamond, former roadhouse keeper,
was found guilty of murdering his
wife and sentenced to death by a
jury in circuit court here last night.

He was near collapse when the
verdict was returned after the jury
had deliberated nearly four hours.

Diamond, whose chief defense was
based on a plea he was an epileptic
and was unconscious when his wife
was shot, was branded as a "beast"
by W. J. McAlister, prosecuting at-
torney in his closing argument to the
jury.

Diamond and his wife, who was
14 years his senior, were being driv-
en from Gary to East Chicago by
Wm. Armstrong, their colored chauff-
eur on February 14, according to
testimony in the trial when Diamond
told the chauffeur to get out and look
at the tires. While the chauffeur was
out, Diamond shot his wife three
times and then beat her over the
head, Armstrong testified.

Diamond then assaulted the neg-
ro, left him for dead on the road
and rushed his wife to an East Chi-
cago drug store, according to testi-
mony. He accused the chauffeur of
murdering his wife, but Mrs. Dia-
mond, who died the next day, said
her husband had shot and beat her.

Mrs. Diamond, widow of an East
Chicago physician before she mar-
ried Diamond, had a will leaving the
bulk of her \$50,000 estate to her
husband. Before she died, she
changed it, leaving the money to her
six children by the first marriage.

Diamond was accused by attor-
neys for the prosecution of marrying
the woman solely for her money and
then slaying her and attempting to
put the blame on the negro.

A seven months old child, Fay,
would be orphaned by the execution
of Diamond.

DIRIGIBLE FIRE PROBED

Dayton, Ohio, June 7.—A mili-
tary board of investigation today
began an inquiry into the destruc-
tion by fire at Wilbur Wright field
last night of the giant army dirig-
ible TC-1

THIRTEEN ACCUSED OF COUNTERFEITING

Millions Of Bogus Revenue Stamps,
Labels, Fake Medicinal Pre-
scriptions Seized

USED TO DISGUISE LIQUOR

(By United Press)
New York, June 7.—Counterfeit-
ers who manufactured fake liquor
labels to pass off doctored booze
as "real stuff" have been rounded
up by the secret service in arrests
which are believed to have thwarted
a nation-wide plot.

Millions of bogus revenue stamps
and printing paraphernalia were
seized.

Thirteen are under arrest and
more may be taken.

Secret service agents who arrest-
ed the counterfeiters say the labels
could have been used to disguise
\$25,000,000 worth of any kind of
liquor so as to make it appear it
had been smuggled into this country
from abroad or illegally withdrawn
from bonded warehouses.

The gang worked in several
groups. One division manufactured
liquor of questionable purity; an-
other made the fake labels, a third
managed to withdraw liquor from
bondage under fake permits and
the fourth dispensed the illegal
wares of the other three.

The systematic raids were con-
ducted over a 25 mile area in New
York. Most of the 13 were taken
in Brooklyn. Three were found in
Manhattan. Two already have been
held in jail.

FOURTEEN ARE SENTENCED

Defendants in New Albany-Louis-
ville Auto Conspiracy Arraigned

Indianapolis, Ind., June 7.—Sen-
tences ranging from eighteen months
in jail and \$5,000 fine to 90 days in
jail, were imposed upon fourteen
defendants in the New Albany-Louis-
ville automobile conspiracy case by
Judge Anderson in federal court
today.

Notice of appeal on behalf of
eight defendants was served immed-
iately after sentences had been pro-
nounced. Appeal bonds ranging from
\$3,000 to \$10,000 were set.

According to the evidence intro-
duced during the trial, the defend-
ants were members of a gang which
were responsible for the theft of
more than 50 automobiles in seven
states.

LARGE DIRIGIBLE SIGHTED

Seen Over Mary Poston Farm South
of Rushville Today

A large dirigible, bearing the let-
ters AC-4, passed to the south of
Rushville this afternoon at 12:15 o'-
clock, and was flying very low, go-
ing in a northeasterly direction. It
passed over the Mrs. Mary Poston
farm, and appeared like it was going
to land, but continued its flight, and
was not making speedy headway.

A dirigible answering the same
description was sighted at Morgun-
town yesterday afternoon at three
o'clock, and was reported to be fly-
ing in this direction.

SUM OF \$1,486.62 FOR SCHOOL FUNDS

Fines And Bond Forfeitures For
Fiscal Year Make This Amount
Annual Report Shows

SCHOOL FUND MONEY LOANED

Sum Of \$131,754.55 Out At Inter-
est In Rush County—Interest
All Paid To Date

The sum of \$131,754.55 belong-
ing in the congressional township
fund, the common school fund and
the permanent endowment school
fund is being used by Rush county
people who are paying interest on
it at six per cent, according to an
annual report on the three funds
which has been completed in the of-
fice of Phil Wilk, county auditor.

A report is made June 1 of each
year on the common school and
permanent endowment school funds,
but the congressional township fund
is adjusted every ten years.

The report reveals \$23,880.32 to
be the amount on hand in the con-
gressional township fund, \$101,
224.60 in the common school fund
and \$6,649.56 in the permanent
endowment school fund.

The common school fund is de-
rived from fines and forfeitures of
bonds in the circuit court and in
the mayor's and justices of the
peace courts. The permanent en-
dowment fund originated from sal-
oon licenses which went to this
fund during the time when the liquor
traffic was legalized.

The report of June 1, 1922 show-
ed the sum of \$99,788.07 in the
common school fund. During the
fiscal year fines and forfeitures of
bonds turned over to the fund by
the circuit court amounted to \$1,
103.67 and the sum of \$393 came
from the same source in the mayor's
and justices of the peace courts.
This makes the total added to the
common school fund during the
year \$1,486.62.

The interest received from these
various funds is distributed to the
schools of the county on a per
capita basis which is determined by
the school enumeration. The dis-
tribution will take place later this
month.

The auditor's books disclose that
no loans have been allowed to lapse
and that all interest is paid to date
none of it being permitted to go de-
linquent.

The law provides that loans on
city real estate shall be protected by
insurance policies on the improve-
ments equal to or greater than the
amount of the loan, the policies be-
ing made payable to the fund from
which the money is loaned. No in-
surance policies are required on
farm loans as the value of the farm
is always enough to protect the
fund in case of fire destroying any
of the farm dwellings.

GERMAN NOTE IN HANDS OF ALLIES

Berlin Government Willing to Leave
Reparations Question to Inter-
national Body

OFFER IS MORE ADEQUATE

Germany Willing to Pay 1,200,000,
000 Gold Marks a Year—Three
Ways to Raise It

(By United Press)
Berlin, June 7.—The German note
placed in the hands of the allies late
today proposes payment of exactly
1,200,000,000 gold marks annually
as reparations.

Chancellor Cuno proposes to meet
this amount as follows:

- 1—Five hundred million marks
through a mortgage on the national
railroads.
- 2—Another five hundred million
by mortgages on industries, com-
merce land and factories.
- 3—Two hundred million by a lux-
ury tax.

The latter amount would be com-
pensatorily increased as the econo-
mic stability of Germany is restored,
Cuno pointed out to the allies.

The German government declared
that it would not be honest to say
that the nation would be able to pay
and that moreover the ability to pay
is a question on which opinion dif-
fers. Therefore, Germany offers to
accept the decision of an impartial
international organization on the to-
tal amount of reparations that must
be paid.

London, June 7.—A note from
Germany, embodying a new repara-
tions offer has arrived here.

The German ambassador was ex-
pected to deliver the document at
the foreign office this afternoon.
The latest German offer is ex-
pected to comprise a more adequate of-
fer, without raising greatly the sum
suggested as the limit to what can
be paid.

TWO SMALL BOYS IN A NARROW ESCAPE

James Ross And Robert James
Stunned When Lightning Hits
Tree On Alexander Farm

MOVED FROM SPOT BOLT HIT

Two small boys were stunned late
Wednesday afternoon when a bolt
of lightning struck a catalpa tree,
under which they were sitting, on
the W. A. Alexander farm, west of
Rushville. The boys were Jam-
es Ross and Robert James.

Donald Alexander, eldest son of
W. A. Alexander, was within one
hundred and fifty feet of the tree
when the lightning struck and also
suffered a slight shock.

Seeing that the bolt had hit the
tree, Donald Alexander hurried to
the boys' aid and found one of
them lying prone on his face and
the other one in a stooping posi-
tion. He assisted them to their feet
and finding that they were dazed,
led them around the field until they
had regained their senses.

The two boys had been sitting on
the east side of the tree and had
just moved over to the west side
when the lightning struck in the
spot where they had been, tearing
a hole in the ground and tearing
bark off the tree.

CONDUCTOR KILLED

Chicago, June 7.—John Koenigs-
field, 44, a railroad conductor, was
killed and four others were serious-
ly injured when a switch engine of
the Chicago and Northwestern rail-
road ran into an open switch and
crashed into a string of empty pas-
senger coaches in the railroad
yards here today. Koenigsfield
was standing on the rear platform
of the passenger train. None of the
injured will die.

STILL MISSING

Indianapolis, Ind., June 7.—
Richard W. Stegemier, owner of the
Stegemier cafe, was still missing
from his home here today. Police
have been unable to find a trace of
him since he left his place of busi-
ness late Tuesday afternoon.

ACME MINERAL FORMULA

Is made according to this FORMULA. These ingredients being the same as used by Prof. John M. Eward in the "Complete Mineral Mixture." Beware of imitations.

- 1—SALT or SODIUM CHLORIDE (Kiln-Dried). Contains sodium and chloride. 20 parts.
- 2—SPENT BONE BLACK, BONE MEAL or BONE FLOUR. Made from animals' bones by a heating process—the product is calcium phosphate or animal charcoal—contains 68 per cent of bone phosphate of lime. PHOSPHORUS is essential to the growth and development of animals—it is taken into the system and stored in the bones, brain and nerve tissues. 25 parts.
- 3—COMMERCIAL KAINIT, POTASSIUM CHLORIDE or WOOD ASHES. Contains potash. Some potassium salts are found in many large deposits, especially in Germany. Very essential to the life of animals. 12 parts.
- 4—SULPHUR—S. Used as a germicide and purifies the blood of animals. 10 parts.
- 5—CALCIUM CARBONATE or LIMESTONE. Form of chalk or lime, the greatest bone building element for animal or man; also greatest aid to plant life in existence, because it is an accumulation of decomposed shells, fossils and skeletons in gigantic quantities, hardened and crystallized into a solid mass. It is this mineral substance (calcium carbonate) in the ocean which enables the marine life to build bone. 20 parts.
- 6—GLAUBER SALTS. Very valuable to animals; contains sodium, sulphur and oxygen, also water. 5.7 parts.
- 7—Epson SALTS—Magnesium sulphate with water added. It is very essential for medicinal purposes in animal and man. It works on the alimentary canal. Magnesium aids digestion—acts upon the alimentary canal of animals—also a valuable cathartic—is an antidote for poisoning by mineral acids in feeds, such as mold or corn and ensilage. 5 parts.
- 8—COPPERAS—Iron sulphate (called ferrous sulphate), used extensively as a disinfectant and a very essential tonic to the system of all animals. It is made by the action of iron and sulphuric acid. 2 parts.
- 9—POTASSIUM IODINE KI is a splendid preparation. Very beneficial to animals. It is especially good for brood sows to assist them to prevent birth of hairless pigs. 0.3 parts.

More Cars Shake Themselves to Pieces Than Ever Wear Out

Charge that up to vibration.

Vibration causes cars to grow old prematurely by racking their chassis, destroying the "metal life" of vital parts, loosening up their bodies and causing squeaks and rattles. Frequent, costly repairs are the result.

The Studebaker Light-Six is freer from vibration than any car of its approximate size or weight yet produced.

This has been accomplished largely by a complete machining of the crankshaft and connecting rods on all surfaces—a practice used by Studebaker exclusively on cars at this price and found only on a very few other cars whose selling prices are from three to ten times as high as the Light-Six.

There are 61 precision operations in the manufacture of the crankshaft alone, 40 of which range in accuracy

from one-quarter thousandth to one thousandth of an inch.

The Light-Six motor embodies the most advanced design known to automobile construction. And no chassis at any price is built to more exacting standards of materials and workmanship.

Aside from its mechanical excellence and its consequent long life, the Light-Six is handsome in design, extremely comfortable, sturdy, and we believe the most economical car to buy and operate ever offered at \$975 or anywhere near this figure.

Its substantial all-steel body, one-piece, rain-proof windshield, ten-inch cushions upholstered in genuine leather, cowl-lamps—these are among many features heretofore to be had only in higher-priced cars.

For 71 years the name Studebaker has stood for integrity, quality and value.

MARGARET SCOTT IS BETTER

Woman Injured at Raleigh Sunday Night May Recover

Mrs. Margaret Scott, the woman who was seriously injured at Raleigh Sunday night when a machine driven by Herbert Jackson of near Spiceland, plunged through a crowd in front of the church, was reported today by Dr. C. L. Smullen, to be showing signs of slight improvement, and the physician expressed hopes for her recovery. She spent a quiet night, and unless some complication arises, she will probably survive, although her condition still remains grave.

The case against Jackson, who is charged with disturbing a religious meeting, has not been set for trial in Justice Stech's court, and will be continued for a few days, until the definite outcome of Mrs. Scott's condition is determined.

MIDNIGHT FLAPPER BANDIT IS UNCAUGHT

Chicago Police Search For Girl Who Shot Richard C. Tesmer to Death During Robbery

SUSPECTS SHOWN TO WIDOW

Chicago, June 7.—A dozen or more girl cabaret habitués or gun-woman were trailed by police in their search today for the "midnight flapper bandit" who shot Richard C. Tesmer, insurance adjuster to death during a robbery Wednesday night. As suspects were apprehended, they were taken one by one before Mrs. Tesmer who was with her husband when he was shot down near the Tesmer residence garage on the "Gold Coast."

"We are looking for a girl with a peculiar laugh, and blue eyes," said States' Attorney Robert E. Crowe, who notified police that if the slayeress is caught, he will see to it she gets a speedy trial and is given the death penalty.

Mrs. Tesmer, prostrated, failed to identify the first three girls picked up. Raising herself on her pillow, she demanded that each "open your eyes wide and laugh." That cold-blooded wanton laugh of the girl who shot my husband are something I can never forget. They haunt me," said Mrs. Tesmer. "I'll know without a trace of doubt when they bring the right one."

Pictures Bought With Art Display Proceeds at Milroy

A consignment of eight water-color prints suitably framed and ready to hang was received from the Porter-Motter Art Co., of Chicago by the Milroy schools Tuesday. This group of pictures was purchased with the proceeds of the art exhibit and lecture which was held some two months ago in the Milroy K. of P. rooms, on which occasion Miss Helen C. Jaehne gave an interpretation of the exhibit.

The eight pictures were placed on exhibition Wednesday in the show window of the Sheppard drug store where they will remain a few days. The framed pictures represent a catalogue price of about \$155, but due to a liberal discount allowed schools the Milroy school purchased them at half that price.

A number of persons who examined the pictures after their arrival expressed great satisfaction with them, and especially with the taste in which the Porter-Motter Company framed them. Four of the subjects are framed in oak frames while the other four are in stippled gold frames.

The subjects which arrived Tuesday are:

The Holland Flower Girl, by George Hitchcock.

The Horse Fair, by Rosa Bonheur.

At the Beach, by Israels.

Home Through The Woods, by Farquharson.

The Fighting Temeraire, by Joseph Turner.

Road Through The Woods, by A. Glendinning.

Young Folks at The Canal, by Lout.

Children of The Shell, by Murillo. In addition to the recent arrivals

AMUSEMENTS

Old Star At Princess

Maurice Costello, the first recognized star in motion pictures, returned to the screen in "The Glimpses of the Moon," an Allan Dawn Paramount production, which comes to the Princess Theatre again today. He had been on the retired list for five years with the exception of two independent pictures recently made, but in the character of "Fred Gillow" in the Paramount screen version of Mrs. Wharton's popular novel he has jumped back into motion picture work with both feet.

Mr. Costello began playing in motion pictures when two subjects were put on one reel in 1907. He still retains the qualities that for years made him one of the most popular screen stars. His nicknames of "Dimples" and "Curly" have been changed to "daddy" by his friends—daddy of the screen stars, but he doesn't mind that.

Among the leading women who supported him in the early days who are now stars in their own right are Norma and Constance Talmadge, Clara Kimball Young, Virginia Pearson, Florence Turner, Mary Fuller and Edith Story.

In "The Glimpses of the Moon" Mr. Costello appears with Bebe Daniels and Nita Naldi, who are featured, and Ruby de Remer, David Powell and Charles Gerard.

Today Only At Mystic

In "The Unconquered Woman" the beautiful screen actress, Ruby de Remer runs the gamut of the emotions. She sacrifices body and soul for her family; she hates intensely, forgives divinely, loves tenderly. Whether dressed in the furry costume of the North, the poor garb of the paid worker, or the magnificent evening gowns of society life, she is equally appealing. The picture is at the Mystic today only.

Starting with a mad gambling contest in the frozen North, the picture moves swiftly from one dramatic incident to another; from a fake marriage between two persons who really love to a real marriage of two thoroughly unsuited; from heroic deeds in the unexplored icy regions to effete parties in civilized New York.

The climax is reached in a mad orgy in the artist husband's studio, culminating in his death, and leaving his lovely wife free to marry the man she loves.

The high school has added five pictures to that department during the past year, as well as a bust statue of Abraham Lincoln.

IS GRANTED A NEW TRIAL

Hallett McHargue Was Sentenced To Prison For Life

Muncie, Ind., June 7.—Judge Clarence Dearth in circuit court today granted a new trial to Hallett McHargue, sentenced to prison for life for the murder of George King a factory foreman, in 1921.

McHargue, a world war veteran, will again plead insanity due to shell shock suffered overseas.

The new trial was granted as the result of the recent decision of the supreme court reversing the local court's finding in the case.

NEW FIRE INSURANCE RATES

Indianapolis, Ind., June 7.—Reclassification of fire insurance rates for this city probably will be accomplished in a week, Thomas S. McMurray, state insurance commissioner announced. McMurray has gone into the situation with the Indianapolis Water company and fire department officials. The board meets this week to consider new facts ascertained by him.

BIBLE THOUGHT
—FOR TODAY—
Bible Thoughts memorized will prove a
priceless heritage in after years.

THE EVERLASTING HELP-
ER.—He shall call upon me, and I
will answer him; I will be with him
in trouble; I will deliver him, and

No Danger of Division
Senator James E. Watson said
Wednesday after a conference with
the president that there was no
danger of division in the republican
party over the world court, which
should set at ease reports persisting
to the effect that the pro-leaguers
and the anti-leaguers were in serious
difficulties because of the proposal
by the president that the United
States join the world court.
The number in President Hard-
ing's party that favors the league
of nations is relatively small and is
far exceeded by the number in the
opposing party who are against that
party's policy in favor of the league.
This was demonstrated by the vote
in 1920 when there were 10,000,000
votes cast for Mr. Harding who op-
posed going into the League, while
there were only 7,000,000 cast for
Mr. Cox who favored going into the
League.
Recently Chairman John T. Ad-
ams of the Republican national com-
mittee issued a statement in which

he declared continued opposition to
the effort to involve the United
States in the League of Nations. He
said, among other things, "Being op-
posed to joining the league of na-
tions, to meddling in Europe, to be-
coming entangled in foreign politics,
does not mean isolation. America has
never been isolated, yet America has
always kept aloof from European
entanglements . . . Cultivating the
most friendly relations possible with
every foreign nation consistent with
our interests and our best traditions
is the American policy, as it is the
policy of the republican party. It is
also the American as it is the re-
publican policy that no foreign na-
tions or foreign propaganda should
determine for us just what our for-
eign relations should be. All Republi-
cans may rest assured that the re-
publican national organization shall
remain true to this policy and that it
will continue to review and discuss
public problems from the standpoint
of 'America First'."

They Should Suffer
The department of justice is still
going after corporations and indi-
vidual contractors who robbed the
government by the wholesale during
the war.
Some of these "birds" operated on
a shoestring and cleaned up millions
—something no honest or fair mind-
ed man can do.
Every man who profited at the
expense of his country during the
war should be required to serve in
the next one, and be among the first
to go "over the top and into the
jaws of hell," where the devil would
be sure to get him.
Too many of these Benedict Ar-
nolds are still at large and feasting
on money not honestly earned.

**Chinese Think Hugging
Chief Occupation Here**

Indianapolis, Ind., June 7—Hug-
ging, kissing and allied arts are the
chief occupation of the average
American citizen, is the belief of
the "heathen Chinese."
Joseph H. Hall, lecturer and jour-
nalist, returning from a trip to the
Orient said that the Chinese got
their impressions of American life
from uncensored films which show
the American as an individual fre-
quently rich boudoirs and indulging
in love close-ups which do not fade
out quickly enough to comply the
regulations of a well censored film.
"Such films give the Chinaman an
entirely wrong slant on the charac-
ter of our American citizens," de-
clared Hall. "The Chinese seem to
get the impression that our streets
are paved with gold, and that a
goodly portion of the population
consists of bandits who roam the
streets brandishing firearms in reck-
less disregard of human life."

LOSING TEAMS IN NEED OF FINANCE

With New York Teams Both Away

SOMETHING MUST BE DONE

Giants And Yankees Prove A Run-
away From Others, And Threaten
To Repeat World Series

By HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, June 7.—Something is
going to be done about the New
York monopolized of the world series,
in restraint of world trade.

A tornado conjured by mid-west-
erners is again forming as the
Yankees lead their nearest oppo-
nents by 124 points and the Giants
have a lead of 155 points in the
pendant race.

A runaway—following two con-
secutive world series by the New
York clubs—are not helping pocket-
books of the other magnates as at-
tendance figures plainly show. Nor
are they increasing interest in base-
ball throughout the country.

The insurgent owners have tried
matching New York at its own game
of pouring money into a baseball
machine, but that hasn't helped any.
Comisky ground up thousands of
greenbacks in a meat chopper he
figured would turn out a money-
making ball club but he got only—
hash.

Willie Kamm would have been
worth \$100,000 to any one else but
he hasn't cashed a cent for the
White Sox who still are languish-
ing in the cellar with prospects that
they will remain there. There is
even talk now that Comisky is sick
of the job and is willing to sell his
franchise.

Meanwhile the Yanks and Giants
continue to run away with the pen-
nant and the money. Both appar-
ently are in a class by themselves
and seem destined to stage a third
consecutive private world series in
New York unless that "something"
is done soon.

It took the "International League"
club owners several years to break
up the Baltimore team which had
run away with things in that cir-
cuit and hurt business in other
towns. The movement against New
York has been under way for some
time; but the rumble is becoming a
rear, and the rear threatens to be
an eruption.

RUSH COUNTY BOY PRAISED

Mark Bills Makes Record as an
Athlete at DePauw University

Mark Bills, son of Fred Bills of
northern Rush county, well known
basketball referee, who is graduat-
ing from DePauw university this
year, is spoken of very highly as an
athlete in the Indianapolis News as
follows:

DePauw has not done so well in
baseball this season, but it has had
some good ball players, and among
them is Mark Bills, spoken of once
or twice during basketball season as
Basket Shootin' Bills. Mark had a
reputation of being a getter of field
goals when badly needed during the
wet season. He is finishing his car-
eer at DePauw. He has won four
letters in basketball. He is a Rector
scholar, a member of the Kappa Tau
Kappa and Lambda Chi Alpha Frater-
nity. Mark hails from Lewisville
Ind. He will be greatly missed at the
Tiger camp next year.

Fighter Says He Is Confident That
He Can Knock Out Dempsey In
Fourth Of July Bout

TRAINING UNDER WAY

Shelby, Mont., June 7.—"I am
just as confident as ever that I can
take Jack Dempsey over the jumps,"
Tom Gibbons declared today as he
sat in the sunshine on the front
porch of his new home here, where
he is to start training for his bout
with the heavyweight champion
July 4.

"If I weren't sure I'd win, the
bout would be called off right now,"
he said as he twirled his new Bang-
kok hat, presented by a St. Paul
admirer.

Tom was holding an informal re-
ception for the townspeople.

"I will always feel grateful to
the people of Shelby for giving me
this opportunity which has been de-
nied by eastern promoters for two
years," he said. "We had to come
out west to get our chance."

"I am not under-estimating Jack's
hitting ability," but I am very con-
fident I can knock him out before
ten rounds."

Tom, his wife and three boys ar-
rived Wednesday from St. Paul.
The challenger will not do any
heavy work before Friday.

U. S. Faces Defeat at Olympic

By HENRY L. FARRELL
(United Press Sports Editor)

New York, June 7.—Three years in
succession the University of Califor-
nia has sent a small band of ath-
letes eastward from the Pacific
Coast to win the intercollegiate track
and field championships.

That, in itself, is not an extraor-
dinary feat, because two years be-
fore the Californians came east to
start their run of three straight
victories, Cornell had completed a
high run of five championships in a
row.

In winning the last three cham-
pionships, California, however,
should have given those who look
forward to another easy victory for
the American team in the Paris
Olympic next year something to
ponder over.

Three years in a row, the Califor-
nia team has shown that brawn in
the field is better than speed on the
track.

America, in the last Olympic,
came out first principally because of
her speed on the track and because
a few veteran field performers were
better than some of the Europeans
who were just beginning to learn.

The California team this year won
only three points in the track events
and it follows without stretching a
point that the Fins or the Swedes,
might do no better on the track and
yet make superiority in the field
bring about the same successful re-
sults at Paris that California was
able to secure.

Considering that the Fins are al-
most sure to repeat what they did
in Antwerp in the javelin throw, the
shot-put, the pentathlon and deca-
thon and the distance events and
that the Swedes are liable to do bet-
ter in the sprints, the hurdles and
the jumps, it follows that the United
States cannot win the championship
again on a few good sprinters, a
hurdler and a pole vaulter.

In addition the California team
has demonstrated three times in a
row that might and power do not
rest in numbers.

There were more coaches and of-
ficials with the 1920 American Olym-
pic team than there were athletes on
the Finland team and the Fins won
as many first places as the Ameri-
cans did.

Up to the present time it seems
that the United States might be de-
pending upon a few sprinters, a cou-
ple of pole-vaulter, several hammer
throwers, a shot-putter or two and
some jumpers to win the next Olym-
pics games.

And much more is needed.

The Score Board

Red Faber "came back" and
knocked the first homer of his car-
eer and Herb Pennock lost his
first game of the season when the
White Sox beat the Yanks 4 to 1.

Connolly hit a home run with the
bases full, and Cleveland beat the
Red Sox 17 to 4.

Four Philadelphia double plays
cut down the St. Louis attack and
the Athletics triumphed 5 to 2.

Walter Johnson's good form en-
abled Washington defeat the slug-
ging Tigers 5 to 1; Detroit got only
five hits.

Dutch Ruether again blew up and
the Pirates pounded him for six hits
in the sixth inning, defeating Brook-
lyn 7 to 3.

The Giants got only three hits off
Vic Aldridge and the Cubs won eas-
ily 6 to 1.

Myers sacrifice in the twelfth in-
ning gave the Cars a 7-6 victory
over the Phillies.

The Reds took the second game of
the series from the Braves, 5-1, giv-
ing faultless support to Donahue.

Monopoly? No!

MONOPOLY is abhorrent to the minds of
the American people and will not be toler-
ated by them.

Monopoly means arbitrary control; it means cur-
tailing opportunities for the individual and such cur-
tailment strikes at the root of American institutions.

The Standard Oil Company (Indiana) is American
to the core. It has no desire to achieve a monop-
oly, believing that, because of its carefully worked
out plan of organization, its admitted efficiency in
every department and its carefully trained, hard-
working, loyal body of employees, it has no need
for arbitrary control to meet any competitive con-
dition which may arise.

The detailed service, the insistence upon quality,
and the consistently fair price at which its products
are sold, insure the Company its fair share of the
business in ten Middle Western States where it is
organized for service.

No organization can acquire a monopoly in the oil
business. The source of supply of raw material
is too scattered and its value is too great for any
one company to get an effective control. Without
such control monopoly is impossible.

The Standard Oil Company (Indiana) is the largest
single factor in the oil business of the Middle West.
Yet, the principal source of its crude oil supply is
in the hands of others.

Its competitors have twice as many service stations
as it has, and about an equal number of bulk
stations, while their combined refining capacity is
more than five times that of the Standard Oil Com-
pany (Indiana).

To indicate the futility of attempting to monopolize
the oil industry, it is only necessary to quote the
following paragraphs from the New York Journal
of Commerce:

During 1921, there were organized 936
new oil companies, with a total capital-
ization of \$1,255,675,000 and

During 1922, 784 new oil companies
were organized with a capitalization
of \$1,639,693,000.

The Standard Oil Company (Indiana) is growing as
the need for its products and service grows. It is
ambitious, not to secure a monopoly of the oil busi-
ness, but, to maintain a steady, healthy growth, by
rendering the greatest service possible to thirty
million people in the Middle West.

SUNDAY, JUNE 10th

Mrs. John Kiplinger of this city is attending a houseparty given at the home of Mr. and Mrs. L. A. Frazee in Connersville this week. Other guests are Mr. and Mrs. Thomas Kokjer of Washington, D. C., who are taking a motor trip to Montana, and Mrs. Charles Johnston of Greensburg.

All of the members of the 1917 graduating class of the local high school who are in favor of holding a reunion in the near future, and who will attend, are requested to notify Miss Gertrude Wilkinson not later than Friday, in order that plans may be arranged for the affair. This will be the first time that a class of the local high school has held a reunion for several years, and some of the members of the class are hoping that the affair will be a success.

Mr. and Mrs. Harry Land of north of Mays most graciously entertained the Sexton Missionary Society Tuesday at their home. A beautiful pitch-in dinner was served at the noon hour and in the afternoon a splendid program was given, Mrs. Land being the leader. Miss Dora Winkler gave an account of the state convention held recently at Frankfort, Ind. Four new members were taken into the society at this meeting, they being Mrs. Ross Mc Bride, Mrs. Tweedy Burron and the Misses Pauline and Irene Barron. Twelve members answered the roll call and seven visitors were also present. Officers were elected for the coming year at this time. Mrs. Elsworth Kiser was chosen president, Mrs. Ode Winkler, vice-president, Mrs. Jesse Winkler, secretary, Mrs. Marion Pratt, treasurer.

Women Tell Each Other How They Have Been Helped by Lydia E. Pinkham's Vegetable Compound

Perrysburg, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my sides all the time. I can't remember just how long I suffered, but it was for some time. One day I was talking with a lady I met on a car, and I told her how I was feeling and she said she had been just like I was with pains and nervous troubles, and she took the Vegetable Compound, and it cured her. So then I went and got some, and I certainly recommend it for it is good. Whenever I see any woman who is sick I try to get her to take Lydia E. Pinkham's Vegetable Compound."—Mrs. ADA FRICK, Route 3, Perrysburg, Ohio.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial.

urer, Mrs. Everett Lee, literature correspondent.

The next meeting of the society will be held at the home of Mr. and Mrs. Gordon Whitton, living northeast of the city, July 3. Mrs. Carol Clifton will have charge of the program.

Announcements have been received here of the marriage of Miss Estelle Reider, daughter of Mr. and Mrs. Charles P. Reider, of Newport, Ky., to Asher Patrick Boyce, son of Mrs. Mary Boyce, of Fort Wayne, Ind., which was performed last Saturday morning at eight o'clock at the Immaculate Conception at Newport, Ky. The Rev. James L. Goresy pastor of the church, performed the ceremony during nuptial high mass. The bride was dressed in a lovely fawn color suit with accessories to match and carried a bouquet of roses. Miss Irene Miller was the bridesmaid and Jerry Boyce of Fort Wayne acted as best man. A wedding breakfast was served at 9:30 o'clock and at two o'clock a dinner was served at the home of the bride's parents. Mr. and Mrs. Boyce will make their future home in Newport where the former is employed. The bridegroom is a grandson of Mrs. Mary Heaney of this city and has visited in this city on a number of occasions.

The marriage of Miss Milretta LaVaughn Meyer daughter of Mr. and Mrs. Herbert Meyer, to Lowell Hutchinson, son of Mr. and Mrs. Elmer Hutchinson, took place Wednesday evening at eight o'clock at the home of the brides parents near Morristown. The Rev. R. B. Givens, pastor of the Christian church of Morristown officiated at the wedding which was performed before an altar banked with palms and ferns and arranged with baskets of roses and sweet peas. Baskets of spring flowers were used in the decorations of the rooms, the color scheme of orchid and yellow predominating.

Preceding the ceremony "O Promise Me" and "I Love You Truly" were sung by Mrs. Charlotte Clifford with Miss Zella Hutchinson as accompanist. The Mendelssohn wedding march was played by Mrs. Grace McBane for the entry of the bride party. Little Mae Jackson as flower girl was dressed in white chiffon over pink silk and carried a basket of rose buds and sweet peas. Master Lowell Meyer, brother of the bride, was the ringbearer and carried the ring in a white lily. The bride wore a gown of white satin trimmed in silver lace. Her tulle veil was fastened with a band of pearls and she carried a shower of bride's roses and sweet peas. Miss Hazel Myer, cousin of the bride, who acted as bridesmaid was gowned in green crepe de chine adorned with silver lace and she also carried a shower bouquet of Premier roses. Denning Nelson was the best man.

One hundred guests attended the wedding and reception which followed. Girl friends of the bride who assisted in the serving of the refreshments were the Misses Helen Stone, Lillian Bankert, Mildred Zike, LaVonne Mansfield, Mary Olinger, Frances Fox, Blanche Arnold and LaVaughn Johnson. The center-

Both of the young people are well known, the bride being a graduate of the Morristown high school, and has attended Central Normal College. Mr. Hutchinson is a graduate of the local high school and has attended Earlham college and the University of Illinois. Mr. and Mrs. Hutchinson left for a short wedding trip and will later make their home in Arlington.

The regular meeting of the Delphian society will be held at the Elks club rooms Friday afternoon at two-thirty o'clock. The annual election of officers will take place at this time. The subject for the meeting will be "Modern German Dramatists." All members of the society are urged to be present.

Supreme Court Ruling Doesn't Affect Status of a Still

Indianapolis, Ind., June 7.—Fighters in the dry ranks breathed easier here today, following a pronouncement by Mr. Edward Franklin White, deputy attorney general of Indiana, regarding the finding of the Supreme court in reversing the decision of the Delaware circuit court in the case of Court Asher.

Asher was convicted in the Delaware court for possession of intoxicating liquor and possession of a still. Reversal of the decision by the Supreme court gave dry forces pause for thought.

However, according to Mrs. White and Rev. E. S. Shumaker, director of the Anti-Saloon League in Indiana, Senate Bill No. 23, passed by the last legislature, makes possession of a still unlawful. The Asher case came under the old 1921 act which the Supreme court has held was insufficient as to the title.

Indianapolis led the Indiana cities and Marion county led the counties in the number of 1921 returns. The number from Indianapolis was 29,237. Ft. Wayne was second with 9,009. Then in order were South Bend with 7,357; Terre Haute with 6,361; Evansville with 6,208; Gary with 5,055; Hammond with 3,633; Elkhart with 2,760; Richmond with 2,339; Lafayette with 2,319; Muncie with 2,290; Mishawaka with 2,288; East Chicago with 2,216; Logansport with 1,097; Kokomo with 1,811; New Albany with 1,709; Whiting with 1,684; Anderson with 1,584; Michigan City with 1,388; Huntington with 1,292; Clinton with 1,236; Peru with 1,220; Marion with 1,190; Laporte with 1,152; and Vincennes with 1,051.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend," Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use the instruments, but with my last two children I used Mother's Friend and had only a nurse. We had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." The "Mother's Friend" as our mothers and grandmothers did. Don't wait, start in this way. WISCONSIN HOUSE STRIKES AT DRYS

Continued From Page One

a resolution as the session opened commending Governor Al Smith of New York for signing the dry law repealer which he said "is the beginning of a movement to bring people back to their senses."

The senate at the same time took up the question of "personal liberty legislation" in the form of a bill to repeal part of the unenforced blue laws of the state, which prohibits theaters, sports, and diversion or labor of any kind on Sunday.

Votes of several assemblymen considered doubtful on the dry repeal bill, anti-prohibition leaders announced. Assemblymen Peterson, Milwaukee presided at the caucus which decided to make all efforts to pass the repealer, the referendum bill and the Lindahl resolution.

The prohibition defensive was led from the floor by assemblyman Matheson, Rock county. Matheson was expected to mobilize a strong fight in the hope of swerving a few votes to beat the bill.

Until the session started, the drys refused to evidence any opposition, declaring they were holding their fire until the election next year. "The bill will be killed in the senate," said B. N. Hicks, legislative director for the Anti-Saloon League.

The biggest gun of the wet argument in the lobbies was the statement that the Anti-Saloon League was backing a movement of the "committee of 100," local prohibition organization, which is conducting an investigation into alleged reports of carousals involving legislators. Thomas Gales, an Anti-Saloon employee, is one of the investigators for the committee of 100.

The investigators announced intentions of asking the state senate which is "mostly dry, for an inquiry of the reports, which they claim have been proven true. A final report on the investigators findings will be submitted this week.

STILL AT IT

St. Louis, Mo., June 7.—Miss Hilda "Mickey" Johnson, a resident of St. Louis county broke the non-stop dancing record for women at 11:15 a. m. today when she passed the 132½ hours mark. She was still going and will probably go 150 hours, she said.

To enjoy good eating one does not have to have a fat pocket-book. You will always find that here the best in foods is to be had at prices considerably below the ordinary retail prices.

You will not be caught unprepared by the unexpected arrival of a guest if you have on hand an assortment of our canned goods. The hot days will soon be here but the housewife need not worry who has in her pantry a variety of deviled and potted meats, soups of many kinds, fruits, jams or jellies.

Many a cake has been spoiled by poor weak spices or flavoring extracts. Every day we are offered spices and extracts at lower prices than we are paying, but we know the brands we sell are good and while we might make a larger profit on each sale, if the goods are not satisfactory it wouldn't be long until we would be missing many sales. We sell such well known brands of extracts as Ferndell, Dr. Prices, Burnett's and Souders; in spices we have Golden Sun and Ferndell.

Again we say, a bag of LOYALTY Flour at \$1.10 is the best flour investment you ever made. We take all the risk; if you don't like it say so and we will refund your money for the entire sack. There are several grades of Kansas flour but know of none better than LOYALTY.

WAGE CONTROVERSY FOR 7 RAILROADS

Negotiations for Advances in Various Rail Departments, up Before Labor Board

SOME INCREASES GIVEN

Chicago, Ill., June 7.—Seven railroads were involved in wage negotiations and advances here.

The Chesapeake and Ohio notified the United States railroad labor board it has given shopmen a two cents an hour increase, bringing pay to 72 cents an hour.

The clerks and freight handlers union filed a petition asking that experienced clerks on the Illinois Central and Yazoo and Mississippi railroads be awarded a minimum of \$77.50 a month and experienced men \$87.50.

W. T. Kemper, receiver for the Kansas City, Mexico and Orient petitioned the board for a wage reduction to the May 1, 1920 level. He declared the railroad "would be forced into junk" unless wage burdens are removed.

Negotiations between the shopcraft and the Chicago, Milwaukee and St. Paul, and Chicago and Northwestern and Southern, railroads continued.

FIRECRACKERS RESTORED

Connersville, Ind., June 7.—Small boys of Connersville were jubilant today over the action of the city council in voting approval of the sale of firecrackers for the Fourth of July. Connersville has been noiseless on the Fourth since 1914.

The First division of the First Presbyterian church will hold an exchange Saturday, June 16. The place will be announced later.

ADDED TO PURDUE STATION

Farm Of 422 Acres To Be Used For Livestock Experimental Work

Lafayette Ind., June 7.—Purchase of a 422 acre farm two miles north of West Lafayette for the use of the Purdue University experiment station was announced today by G. L. Christie, director of the station.

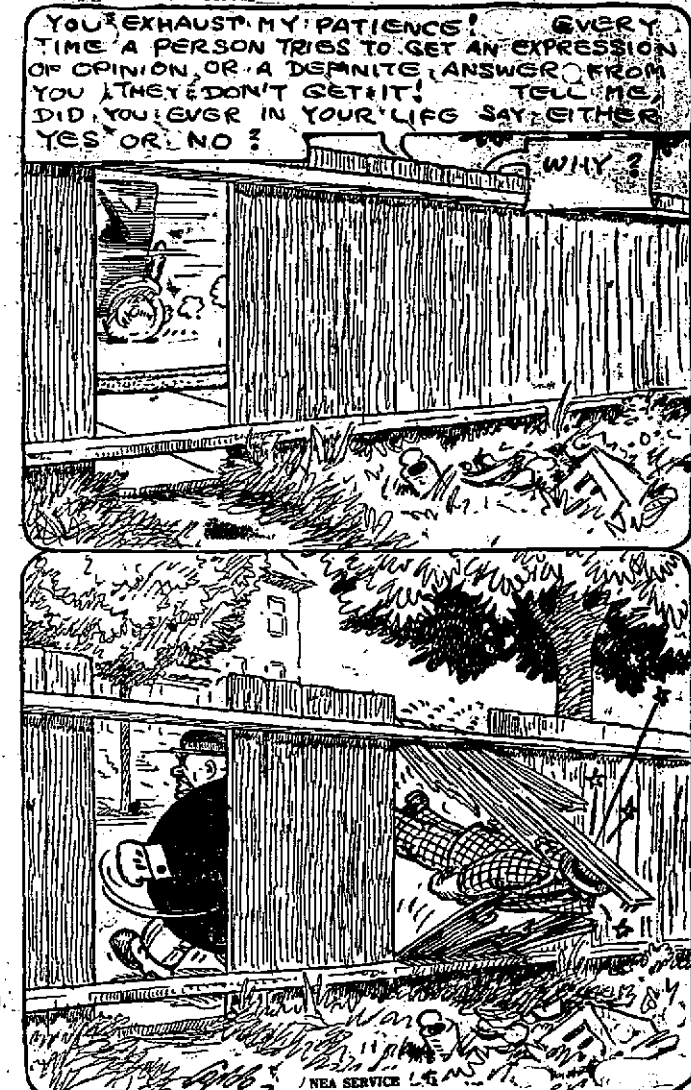

The farm, one of the best in Tippecanoe county, will be used in carrying on more extensive livestock experimental and investigational work. Special studies will be undertaken with cattle sheep and hogs.

The experiment station has owned no land for use in making livestock studies aside from a 120 acre farm used solely for hog production work.

Rapid development of this project and its popularity with the agricultural interests of the state made expansion necessary, Christie announced.

NEW RECORD SET FOR YEAR

More Than Million Freight Cars Loaded Last Week in May

Washington, June 7.—More than one million freight cars were loaded and moved during the last week in May.

A new record for this season of the year was set. It has only twice been exceeded in any season, and the two bigger weeks both came during the peak of the crop in fall.

Figures made public today by the car service division of the American railway association showed that the week of May 26 a total of 1,014,029 freight cars were loaded with merchandise.

NOTICE TO CONTRACTORS

Notice is hereby given by the undersigned that the Board of Commissioners of Rush County, Indiana, at the office of the Auditor in Rushville, Indiana, will receive sealed proposals for macadam road as set out in the plans and specifications, profiles and requisitions now on file in the office of the Auditor.

Said sealed proposals will be opened and the contract awarded for said improvement on the 2d day of July, 1923.

Bids or proposals will be received up to 2 o'clock P. M. on said date.

The said improvement is located in Richland Township, Rush County, Indiana, and more particularly known as the Laverne Dunn road.

The estimated cost of said improvement is \$8,760.00.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the Auditor, and, shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by commissioners. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded on the bid or to carry out the same in any particular or to pay for any labor or materials which may have been furnished to any such contractor or contractors or to any sub-contractor, agent or superintendent under him, in the construction of said work.

Said contract will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected; and the board reserves the right to reject any and all bids.

Time for the completion of said work will be agreed upon after the letting of said contract by commissioners and successful bidder.

We stand behind the guarantee of our coal's highest quality.

Campbell's Creek Coal has gained its popularity because of two facts:

It holds fire for a very long time.
It all burns up into a fine white ash without making any clinkers.

Here are two good qualities which should recommend it to all users of coal.

STATE TO HAVE TWO POLITICAL POWWOWS

Republican Editorial Association
Meet in South Bend and Demo-
crats to Meet in Vincennes

BIGGEST EVENTS OF YEAR

Indianapolis, Ind., June 7—Two big political powwows will be held in Indiana this week.

The summer meeting of the Indiana Republican Editorial association began in South Bend today and the Democrats will open their editorial meeting at Vincennes Friday.

The events are expected to be the biggest and most important meetings of the year for both parties.

At South Bend Senator Simeon D. Fess of Ohio will be the principal speaker. Senator Thomas Heflin of Alabama, will be the headliner at Vincennes Saturday afternoon.

Governor McCray, Senator Watson, Albert J. Beveridge and Lieutenant Governor Emmett F. Branch are among the orators for the Republican meet.

The Democrats will have Senator Ralston, W. S. Chambers, state chairman, and Congressman Greenwood.

Political booms are expected to be launched at both the meetings. Each party has numerous prospective candidates for governor and other state offices.

Kaiser and Bride Separated? No!

This picture spikes the rumor that Wilhelm, ex-kaiser of Germany, and his bride have separated. It was taken as Wilhelm and Princess Hermine strolled through the streets of Dorn after her return from a six-weeks visit to her former home in Silesia. This is the second time they have been together on the streets of Dorn since their wedding last November. Note that Wilhelm walks on the inside, swinging his cane with his good arm.
